Our combination of modern technology, stringent quality control and process expertise and experience will ensure that our customers get a surfeit of choice for all their requirements.

At Perfect Labels, we believe in maintaining close customer relationships, it is the key to both our customers and our own success. Our solution helps customer's prime needs to satisfy the Government Law. By working in harmony with customers to evolve our progressive computing & integrated solution, we all benefit.

Respected Clients,

We all are aware of **FSSAI Rules and Regulations**, still many people have confusion over application of LABELS required by FSSAI Rules. We hereby answering most of common queries asked by clients.

1) WHAT SHOULD BE SIZE OF A LABEL?

ANSWER: The area of principal Display panel shall not be less than:

- a) In the case of a rectangular container, 40% of the product of height and width of the panel of such container having the largest area.
- b) In case of cylindrical or nearly cylindrical, round or nearly round, oval or nearly oval container, 20% of the product of the height and average circumference of such container.
- c) In the case of container of any other shape, 20% of the total surface area of the container except where there is label, securely affixed to the container, such label shall give a surface area of not less than 10% of the total surface area of the container.

In computing the area of the Principal Display Panel, the tops, bottoms, flanges at top and bottoms of cans, and shoulders and necks of bottles or jars shall be excluded.

Provided that in the case of package having a capacity of 5 cubic centimeters or less, the principal display panel may be card or tape affixed firmly to the package or container and bearing the required information under these Regulations

2) WHAT SHOULD BE SIZE OF FONTS IN A LABEL?

ANSWER: The height of numeral in the declaration

1. The height of all letters and numerals for declarations other than net quantity and date marking required under these regulations, shall not be less than 1.5 mm based on the numeral "1".
2. The height of all the letters and numerals for mandatory labeling shall not be less than 1mm, based on the numeral "1" in case of packages with Principal Display Panel not more than 50 cm square.
3. The size of letters in declaring Product name / Category name etc. shall be at least ½ of the biggest font size used on the label subject to a maximum of 5mm
4. However, for the purpose of declaration of net quantity and date marking, the height of any letter or numeral on the label shall not be less than as shown Below:

Up to 200g/ml : 2mm Above 200g/ml : 4mm Above 500g/ml : 6mm
